

UNIL is a leading international teaching and research institution, with over 5,000 employees and 15,500 students split between its Dorigny campus, CHUV and Epalinges. UNIL and CHUV encourage excellence, individual recognition and responsibility. The Faculty of Biology and Medicine ([FBM](#)) and the Lausanne University Hospital ([CHUV](#)) are inviting applications for a position of:

FULL PROFESSOR AND HEAD PHYSICIAN OF THE CLINICAL PHARMACOLOGY SERVICE ([PCL](#))

Starting date: August 2023

Place: Lausanne, Switzerland

The [Clinical Pharmacology Service](#) of the CHUV specializes in the identification, prevention and management of medical problems involving drugs or therapeutic substances. It brings together physicians, pharmacists, other scientists and laboratory technicians and offers prevention, analysis and consulting services to health professionals. It plays an important role in quality and safety aspects in the institution. PCL offers specialized advice by providing a clinical-pharmacological evaluation centered on the patient as a whole. It also has a mission of pharmacovigilance (Swissmedic) and teratovigilance (STIS). The Clinical Pharmacology Laboratory performs drug assays (~140) in biological media. Through its CT and pharmacogenetics data integration, PCL provides a personalized and precision medicine approach for the institution's patients.

Main missions:

- Lead, organize and ensure the development of all activities typical of a Clinical Service in a teaching hospital.
- Ensure and reinforce the expertise and security of clinical missions/services while developing inter-institutional collaborations and synergies in line with the CHUV strategic plan
- To conduct and develop high level clinical and academic research missions, financed by external funds and published in quality scientific journals, including its own research
- To ensure and guarantee the missions of pre-graduate training (according to FBM needs), post-graduate training (ISFM training center cat. A1) and continuing education, in the field of the discipline, by assuming the function of discipline manager and by participating in it
- Consolidate the influence of the clinical and academic field both internally and externally.

Desired profile:

- Federal medical degree (or [Mebeko](#) recognition required), MD or MD-PhD
- ISFM specialist qualifications (or [Mebeko](#) recognition required) in general internal medicine and clinical pharmacology and toxicology
- Extensive clinical experience in the field of clinical pharmacology and toxicology at tertiary level
- Widely recognized (or certified) managerial skills in leading a large/multi-site team and relevant project management experience
- Academic knowledge of faculty rank with proven practice in pre- and post-graduate teaching
- Ability to develop clinical research programs that can be supported by external expert funding
- Good knowledge of French (LM or C1 ideal, minimum B2 with ability to acquire it quickly).

Further information can be obtained from [Prof. Philippe Eckert](#), General Director of the CHUV, and [Prof. Manuel Pascual](#), Dean of the Faculty of Biology and Medicine.

Applications, in English, should include i) a motivation letter, ii) a curriculum vitae, iii) a list of publications highlighting the five most significant ones, iv) a brief statement (5 pages max.) of the past and future research, v) a summary of previous teaching experience (if applicable), vi) and the names and contact information of at least three references, vii) a copy of diplomas, and viii) a valid identity card.

They should be submitted online by **January 31st, 2023 (23:59 GMT+1)** to www.fbm.unil.ch/releve/application/ as a single PDF file.

The job description is available on [the same link](#) (or QR code).

We offer a pleasant working atmosphere in a multicultural, diverse and dynamic academic environment. There are possibilities for continuing professional education and a multitude of activities and other benefits to discover.

UNIL and CHUV are committed to promoting gender equality and diversity and strongly encourage applications from female candidates. www.unil.ch/egalite
